In addition to the Habitat homeownership program, the affiliate offers a home repair program for homeowners in need of non-emergency repairs. The program currently serves homeowners in Pinellas County, with plans to expand into the West Pasco region in the future. Eligible residents are able to partner with the affiliate for a zero-percent interest loan to cover the cost of repairs, while the loan payment will be tailored to ensure affordability.

Habitat for Humanity of Pinellas and West Pasco Counties is a locally run affiliate of Habitat for Humanity International, a nonprofit housing organization based on Christian principles. Seeking to put God's love into action, Habitat for Humanity brings community volunteers, corporate donors, civic organizations and faith groups together to build and renovate homes in partnership with families and individuals throughout Pinellas and West Pasco Counties.

we build strength, stability, shelter and self-reliance

We all know of one other person who completed the Habitat homeownership program, and that's what they are known for...but I think few know that they have an 'Aging in Place' program to help us as we age, **staying where we are most comfortable**. We are indeed most comfortable with the result of this experience, and applaud all those who helped us. We are forever in their thanks. **I would recommend Habitat to anyone in need. They are here to help.**"
